Main study fields (majors) at our university.	Management Finance Negotiation Operation Management System Audit & Control	Business Marketing Language Management of Information Systems Human Resources Management
Courses	All exchange students have access to Bachelor courses (3 years). Master students and students in their last year of Bachelor programme have access to Master of Science (MSc) electives.	
Online Application	Students are required to read the "Exchange Programme Information" document online and then apply online on http://application.ieseg.fr/INInfo and follow the indicated procedure. Please note that students who do not apply ONLINE will not be enrolled in our programme. Online application opens one month before the application deadline. Acceptance letter are not issued as long as the student has not registered online and that the application has not been received by IESEG. All documents must be sent in original to Mr Pascal AMEYE, Head of International Exchange Programmes: online application printed, Learning Agreement, University official Transcripts of results, Statement of interest.	
Student nominations	Student nominations should be sent to Pascal AMEYE: p.ameye@ieseg.fr	

International Summer Academy :

Summer programme	<p>IESEG 5th International Summer Academy: July 1st to 30, 2012</p> <p>Fee-paying programme organised on Paris Campus.</p> <p>On the modern school campus in the heart of Europe's biggest business district La Défense, IESEG conducts an intense four week session where undergraduates and recent graduates will gain knowledge, interpersonal skills, and confidence to reach goals and excel in the global workplace (international business and management). All content-based courses are taught in English and are combined with French language courses. All participants are accommodated at the Cité Universitaire Internationale and will enjoy extra-curricular activities to help discover the Parisian way of life.</p> <p>Details available on http://international.ieseg.fr/programmes/summer-academy/</p>
Application deadline	15 th May 2013

IESEG School of Management:

	<p>IESEG School of Management was founded in 1964 within the Lille Catholic University (http://www.univ-catholille.fr), France's largest private university (24,500 students, 6 faculties, 20 schools and institutes), to train future business executives to Master's level in economics and the full range of management disciplines. One of the most dynamic and fastest growing schools in France, IESEG has achieved membership of the exclusive Chapter of Management Schools and has established itself as an innovative European business school with an international vision and a commitment to quality education.</p>
Location	<p>Situated in Lille, France's youngest and friendliest metropolis and the gateway to north-western Europe, IESEG School of Management is easily reached from Brussels, London and Paris: fast trains put Lille at 35 minutes from downtown Brussels, 1 hour 20 minutes from downtown London and 50 minutes from Paris Charles de Gaulle Airport. Landing at Charles De Gaulle airport and taking the fast train is the most convenient way to get to Lille. The school has its own purpose-built facilities at the heart of the beautiful Catholic University campus, next to the tranquil Jardin Vauban and within easy walking distance from student residences and the commercial and cultural centre of Lille.</p> <p>The IESEG campus in La Défense, Paris, was established primarily to strengthen IESEG's links with French and international companies, and to enhance the institution's global reputation and visibility. La Défense is home to more than 1,500 companies with around 150,000 employees, meaning that IESEG is perfectly positioned to form partnerships with its neighbours. Study in Europe's main business hub IESEG's modern campus in Paris is located in the iconic Grande Arche building, at the heart of the business district of La Défense. Paris is not only the economic and business capital of France but also the symbol of French culture. World-famous for its monuments as well as its artistic and cultural life, Paris welcomes over 30 million visitors a year.</p>
IESEG Pictures and Videos	http://international.ieseg.fr/welcome-ieseg-school-of-management/ieseg-and-the-media/
International vision	<p>Through international programmes and exchange agreements with 170 business schools worldwide (47 countries), IESEG is building an international classroom to prepare future managers to be members and leaders of multicultural teams.</p> <p>IESEG represents an international community of students and faculty members. English is the working language at IESEG: the Master's program is entirely taught in English (this is unique in France), 70% of permanent professors are international and faculty members represent 15 different nationalities. A four-month internship abroad is mandatory in the Bachelor/Master Program and 75% of IESEG students take part in an exchange program.</p>
Programmes	<p>IESEG proposes a post –baccalauréat “Grande Ecole” programme = 3 years for the Bachelor programme + 2 years for the Masters programme.</p> <p>This 3+2 programme is entirely coherent with other European countries, it aims at opening its horizons even further on the international front as well as putting forward its academic excellence. This programme combines advanced theoretical training and significant hands-on experience through internships and projects. Thanks to the number of foreign students applying to IESEG and the international exchange students, Ieseg also aims to increase the cultural diversity of the students and thus create a multicultural environment.</p> <p>Apart from the “Grande Ecole” programme, IESEG also proposes postgraduate courses to French and international students: MIB (Master of International Business, the Graduate Certificate in International Business, the Graduate Diploma in International Business,.... IESEG have also set up twinning programmes in the bachelor cursus and double degree programmes at master level with foreign universities.</p>
Teaching	<p>Through teaching mobility (Erasmus) / faculty exchange (other cooperation agreements), IESEG faculty members have the opportunity to teach at one of our partner institutions, while faculty members from partner universities are welcomed to teach at IESEG in our various programmes.</p> <p>IESEG also welcomes “Visiting Professors” from non-partner universities or companies who teach in our various programmes.</p>
