Course Information	“Under this system, workloads are expressed in terms of Modular Credits (MCs), and academic performance is measured by grade points on a 5-point scale. Students can progress at their own pace and choose from a wide range of modules offered by different Faculties/Schools. The modular system offers students the possibility of accelerating their courses of study by taking more modules per semester (i.e., above the average of 20 MCs per semester), subject to the approval of their home Faculty.” To search available course modules, please visit: http://www.nus.edu.sg/registrar/nusbulletin/modulesearch.html
Accommodation	NUS has 6 Halls of Residence with about 3,000 residential places. The halls are situated in different parts of the campus and are well known for their vibrancy in Co-Curricular Activities (CCA), rich history and culture. Each hall has a Senior Common Room Committee (SCRC) comprising the Resident Fellows (staff). Headed by a Hall Master, the SCRC looks after your well being. Residents are represented by elected student members to the Junior Common Room Committee (JCRC), which helps to promote the hall's social and cultural life. As a hall resident, you are expected to actively participate in activities ranging from sports and the performing arts to community services. You can earn CCA points for your participation in these hall activities as well as other university activities. Subscribing to the meal plans (plans differ amongst the different Halls) is compulsory and non-refundable. Please note that meals are not catered during the vacation period. The link provided shows all the available halls of residence at the National
